

# Field to Freezer – Deer Processing Workshop

Learn how to care for your harvest! Don Scott, local taxidermist and meat processor, will cover field dressing, prepping for taxidermy, how to debone your deer, and package it for the freezer. This will be a live presentation with a real deer.

**Monday, November 7<sup>th</sup>, 6-9 pm**

**Adults and children 8 and up**

**Class will be held in the Crowder College Diesel Technology Shop located at the South side of the Technical Education Center (CCTEC) building.**

**\$5.00 registration is required for this program. This fee includes multiple family members. Please call Crowder College Community Education at (417) 455-5521 to register.**
