EDUC 206 (3) [Education elective]	GEOG 101 (3) [Education elective]	EDUC 207
		For Social Studies emphasis need HIST 106 & 107

This is a general guide to help you plan your program. It is important that you check with a teacher education advisor at Missouri Southern State University for a more complete explanation of their education program. Also, check the Missouri Southern website (www.mssu.edu) for more information.

Notes: If the student thinks they might want to do middle school or special education, also, they might want to wait and take a 4 credit hour course that will cover both child and adolescent psychology.
