

ASSOCIATE OF APPLIED SCIENCE DEGREE

Accounting

This program is designed for students who seek immediate employment in the field of accounting and for those presently employed in accounting careers and desiring advancement. Crowder's Associate of Applied Science in Accounting degree gives students an advantage in the business world by training them in the latest accounting and computer techniques. Students learn how to solve problems using today's technology. This program focuses on the principles, procedures, and theories of managing and preparing financial records.

*All students pursuing this degree must take and pass the approved Technical Skills Assessment (TSA) prior to graduating.
