

CROWDER COLLEGE

Associate of Arts

ART AND DESIGN

The Associate of Arts Degree in Art and Design provides the career student with basic and comprehensive tools of art and design foundations. With a solid academic structure from Crowder College, students can transfer to four year institutions where bachelor degrees are offered in sculpture, painting, ceramics, fibers, drawing, jewelry, art history, art education, media, and computer arts. Elective courses should be determined by contacting the college and department to which students wish to transfer. The following program is suggested if students have not yet chosen the institution to which they plan to transfer following graduation.

Professional Exhibition Opportunities

Crowder College offers students the opportunity to exhibit their artwork at The Longwell Museum at the end of the Spring and Fall semester. Students will be involved in every step of setting up a professional exhibition.

Pigeon Studio: Crowder College Art and Design Club

Pigeon Studio is a fun and exciting club focused on art making, art selling, community connections, and community service. The club has painted murals on campus, donated art to the annual Festival of Wreaths, and many other fun events. The club has an art sale each semester to raise funds for materials, projects, and community service events. The Pigeon Studio is always making something and the students love to share their ideas and creativity! Join us for one of our Friday Night Art Parties, a Haunted Gallery Show, or attend one of our meetings.
