

CERTIFICATE

PC Repair Certificate

This certificate provides an opportunity for students not wishing to complete a full two-year program in computer and network support to acquire the basic computer assembly/maintenance/setup skills required for entry-level employment in the information technology/services area. Successful graduates will be able to utilize industry terminology, assemble, setup, and maintain Intel-based ("IBM compatible") personal computers, and perform basic computer networking tasks. The program is based around two PC basics courses taught in a strong "hands-on" environment in the classroom. Students successfully completing the program will be qualified to complete and pass CompTIA's A+ PC repair exams; although neither taking nor passing the exam is a formal requirement for obtaining the certificate.

Students must earn a minimum* of 16 hours for this certificate.

Orientation		1 hour
COLL	101 College Orientation	
Required		15 hours
CNS	101 Introduction to Electronics (3)	
CNS	111* PC Basics I (3)	
CNS	112* PC Basics II (3)	
CNS	115* Cisco Networking (3)
