Learn to hit like the big girls!!!

Crowder College has begun using RightView Pro technology to instruct its players and wants to share this new hitting program with you. Learn the same hitting philosophies and techniques used by the United States Olympic Softball team.

Softball players will have the opportunity to work on, and improve their hitting skills. We will discuss the proper mechanics used to master the hitting techniques of the world's greatest softball players.

This is a hands-on hitting clinic that will provide instruction and feedback. Players should bring their own bats, batting gloves, helmets and whatever else they need to succeed. No cleats.
