Crowder College Bone Marrow Donor Registration Drive

**Thursday, April 20
Student Center
10am to 2pm**

There are more than 14,000 people in need of a bone marrow transplant but less than half will find their match due to lack of donors on the registry. You can help them beat the odds by registering as a potential bone marrow donor. It only takes a few minutes and the swab of cheek to see if you could be a life-saving match!
