FOUR-YEAR COLLEGE & UNIVERSITY TRANSFER MAJOR TOTALS	85

Follow-Up Definitions

Related Placement	Employed Related	Employed in a field or closely related field to their degree/certificate area of study
	Continuing Education (4 yr)	Continuing education at an accredited four-year college or university
	Employed Related and Continuing Education (4 yr)	Employed in a related field and continuing education at an accredited four-year college or university
	Military	Employed in the military
Non-Related Placement	Employed Non-Related	Employed in a field not related to their degree/certificate of study
	Continuing Education (2 yr)	Continuing their education at a two-year institution
	Continuing Education (Non-College)	Continuing education at a non-college credit postsecondary school
	Not Employed – Looking	Unemployed, but looking for employment
	Not Available for Placement	Known to be unavailable for placement. Possible reasons include illness, disability, death, or incarceration
	Status Unknown	Unable to be located

Unduplicated program HC	Unduplicated program headcount. For various programs, it will be noted that there are more conferred degrees and certificates than there are students. The unduplicated data is presented to accurately portray individual graduate outcomes.
Graduates who completed more than one degree/cert in 16-17	The number of graduates who completed more than one degree or certificate from July 2016 to May 2017
Primary campus attended	The campus that the graduate identified as their primary campus for courses and services. The primary campus for a graduate who could not be reached was identified by the following factors: registration history; assigned advisor; and program site.
*	Placed next to degree and certificate programs that are no longer offered at Crowder College, per the 2018 course catalog
Method of contact	The method of which the graduate was contacted to collect placement information

Perkins Graduate Follow Up Report

The Carl D. Perkins Career and Technical Education Improvement Act of 2006 requires that all recipients of federal funds provide accountability data to the U.S. Department of Education. The Missouri Department of Elementary and Secondary Education (DESE) is the Missouri state agency responsible for collecting and reporting this data. Student data is collected via the Missouri Student Information System (MOSIS) system. Each of the local education agencies report Career and Technical Education (CTE) data for their students in the MOSIS PS-Adult Perkins Core reporting cycle. To learn more about this performance measure, visit the website of [Missouri Department of Elementary and Secondary Education](#) to access the [Instructions for Perkins IV Adult Accountability Reporting 2016-2017](#).
