CROWDER VET TECH STUDENTS WIN FOR 3RD STRAIGHT YEAR

NEOSHO, MO – The Crowder College Veterinary Technology program earned top honors for the 3rd straight year at the state Academia Bowl.

This year's contest was a bit different with a "Jeopardy" style format. The Crowder students defeated their competition by more than 1,000 points.

Dr. Stephanie Watson-Bruto, DVM and Veterinary Technology Director, was proud of the students and their accomplishments. "They were very positive and supportive of other teams competing. They represented Crowder well" she stated at the last Board of Trustees meeting.

Crowder College's Veterinary Technology Program is fully accredited by the American Veterinary Medical Association (AVMA) and prepares students for careers as veterinary technicians.
