## Perkins Graduate Follow Up Report

---

The Carl D. Perkins Career and Technical Education Improvement Act of 2006 requires that all recipients of federal funds provide accountability data to the U.S. Department of Education. The Missouri Department of Elementary and Secondary Education (DESE) is the Missouri state agency responsible for collecting and reporting this data. Student data is collected via the Missouri Student Information System (MOSIS) system. Each of the local education agencies report Career and Technical Education (CTE) data for their students in the MOSIS PS-Adult Perkins Core reporting cycle. To learn more about this performance measure, visit the website of [Missouri Department of Elementary and Secondary Education](#) to access the [Instructions for Perkins IV Adult Accountability Reporting 2016-2017](#).
