

Information regarding Crowder College Practical Nursing

Accepted Applicants:

Must apply and receive acceptance to Crowder College

Program Approval:

The Practical Nursing Program is fully approved by the Missouri State Board of Nursing (MSBN) and the Missouri Department of Elementary and Secondary Education (DESE)

Admission Criteria:

Have a valid high school diploma or the equivalent, such as GED or HiSet
Complete the TEAS pre-entrance exam
Have good moral character as evidenced by references
Free of Class A or B felonies on criminal background check
Enrolled in the Family Care Safety Registry (FCSR) with no disqualifying issues per clinical site determination
Acceptable drug screen clearance
Adequate finances and reliable transportation
Ability to perform *Required Functional Abilities*

Advanced Placement for student with previous college level courses:

Students accepted into the nursing program may receive credit for successful completion of Anatomy and Physiology. The Anatomy and Physiology course must have been completed within the past three (3) years. If a student is given advanced placement in Anatomy and Physiology, the student must have also taken a college level medical terminology course or attend the medical terminology portion of A&P during the first 1-2 weeks of the program. Student must also take the medical terminology exams during scheduled times.

Expert from Missouri State Board of Nursing: "20 CSR 2200-3.090 Students (D).
"Students who are readmitted or transferred shall complete the same requirements for graduation as other members of the class of which they are admitted."

Criteria for transfer of credits:

- a. Submit request in writing
- b. Submit official college transcript
- c. Submit course description, course objectives, and grading scale for all courses completed with passing grade for which applicant is seeking advanced placement

Advanced placement determination must be made at least one month before the start of the practical nursing program or in October, if enrolling in second semester only. Final decision regarding advanced placement rests with the PN Coordinator, PN faculty, and Financial Aid staff. If student receives advanced placement and later drops from the program, the student must retake the entire PN nursing curriculum if requesting to re-enter later.

Transfer from another nursing program:

Admission of a student from another accredited nursing program will be considered on an individual basis, ensuring graduation requirements are met and transferring curriculum that has been completed is comparable to Crowder Practical Nursing Program curriculum.

Expert from Missouri State Board of Nursing: “20 CSR 2200-3.090.

“Students who are readmitted or transferred shall complete the same requirements for graduation as other members of the class of which they are admitted.”

Criteria for transfer consideration:

- a. Submit request in writing
- b. Apply for next available school term from original drop date of previous nursing program
- c. Submit an official transcript
- d. Submit course description, course objectives, course grading scale for each course completed with passing grade
- e. Submit letter of reference from previous director
- f. Submit any competencies achieved
- g. Have no markers on criminal background check or Family Care Safety Registry that disqualify from completing clinical experiences per clinical site determination
- h. Pass a drug screen
- i. Pass program administered placement testing for transfer courses, if necessary, with a minimum score of 80% or above

Final decision regarding advanced placement rests with the PN Coordinator, PN faculty, and Financial Aid staff. If student receives advanced placement and later drops from the program, the student must retake the entire PN nursing curriculum if requesting to re-enter at a later date.

Student Services

Services available upon acceptance will include, but are not limited to:

- a. Assistance with financial aid processes
- b. Counseling and guidance from the Crowder guidance counselor
- c. Job placement services and instruction on interviewing and resume writing
- d. Professional liability insurance
- e. Access to a computer lab and internet services
- f. Access to the Crowder College library and Cottey College library with school ID
