

AG BUSINESS

WHAT IS AVAILABLE WITH AGRICULTURE?

AAS - Agri-Business Technology: Marketing & Management

AA - Agriculture: Ag Business Option

Are you looking for a career in business/management that includes your interest in agriculture? Pursuing a degree in Ag Business will allow you to work with farmers to better the production and purchase of farm products. Your career may include training workers in techniques such as planting, harvesting, weeding or insect identification. This degree allows you to aid businesses concerned with the production, pricing, sales, or distribution of products by directing and coordinating activity. Whether you want to own your own farm or work for a large agriculture producer in sales, our program will help you find the path to fit your passion.

WHY CROWDER?

- Crowder has agricultural business programs to fit students looking to transfer to continue their education and also fit students looking to enter the workforce directly upon graduation.
- Program faculty have experience in the field
- The Anna and John Williams Agricultural Science Center provides spacious classrooms, laboratories, a library, computer lab, greenhouse, and a welcoming atmosphere
