

FIRE SCIENCE

DO YOU LIKE TO SERVE YOUR COMMUNITY?

Fire Science Certificate

Crowder College in Cassville offers a one-semester program that provides students with the ability to learn hands on about Fire Science. This program gets students ready for entering an exciting career as a Fire Fighter. Fire Science class supplies students with preparation for the State of Missouri Certification examinations. After passing the exam, students then can be hired as an entry-level Fire Fighters.

All courses are taught by experienced firefighters and offer the opportunity for current firefighters to upgrade job skills or prepare themselves as supervisors and leaders in their own departments.

WHY CROWDER?

- Program faculty have experience in the field
- Program courses are at Cassville Instruction Center
