

NURSING

INTERESTED IN BECOMING A NURSE?

Associate of Science Nursing

Crowder College offers a two-year program on a path to test to become a Registered Nurse. This is a selective admissions program offered at Neosho, Cassville, McDonald County and Nevada. The program prepares graduates who demonstrate entry-level competencies as a Registered Nurse to enter the high demand field of nursing and health care.

WHY CROWDER?

The Nursing Program at Crowder College consistently exceed the national average for first-time pass rate on board exams. Finding a job in this high demand market is easy for those who want to work. Students who successfully complete the program are very likely to pass the exam on their first attempt and gain employment immediately upon graduation.

Crowder uses a concept-based curriculum and is accredited through ACEN (Accreditation Commission for Education in Nursing). The experienced staff and dedication of our faculty is crucial in a program such as this. Students gain hands on learning with a high-tec simulation laboratory, as well as hospitals experiences through clinical opportunities. Many universities offer our students excellent transfer options.
