

SOCIAL WORK

SO YOU LIKE HELPING PEOPLE?

AA Social Work

Provides students an avenue to obtain introductory-level knowledge in the field of social work study. The field of social work provides an abundance of options in work settings as well as a variety of social issues to address. Social work has its own unique body of accreditation for educational programs. Students fulfilling the educational requirements to become social workers will be well prepared to join the helping profession of empowering individuals, families, and communities and facilitating positive change in the environments.

WHY CROWDER?

Crowder has exceptional partnerships providing opportunities for you to get first-hand experience working in a professional social work setting. Crowder also has university partners who deliver bachelor options. Opportunities include:

- Transferability of degree to continue education at a four-year institution
- Multiple career employment opportunities
- Program faculty have experience in the field
